Book Synopsis

Germ Theory and Its Applications to Medicine and on the Antiseptic Principle of the Practice of Surgery Before the introduction of antiseptics and inoculation, people commonly died due to unsanitary conditions in the home, or following surgery or childbirth. Between them, the great scientists Louis Pasteur (1822-1893) and Joseph Lister (1827-1912) extended widely the practice of inoculation and revolutionized medical practice. Pasteur's discovery that living organisms are the cause of fermentation fo... Full description
